

Strange Tidings From Gleichen Riding

What strange and outlandish tale is this that the western breeze has brought from our neighboring riding of Gleichen?

Why that J. C. Buckley, member of the Hunt for the U.P.A. government, is to have opposition for the party nomination in Gleichen?

And who, precisely, is this opposition to come from?

None other than John Mackenzie, erstwhile editor of the Strathmore Standard, and now idus actus for Hon. Geo. Howley.

This somewhat astounding tidings reached us during an inroad into the northern portion of the adjacent riding, early in the week. We spread the news for what it is worth.

They do say that Mr. Buckley was not entirely met the approval of the "powers that be" in Edmonton. He is honest and sincere, of course, as all U.P.A. members are, but he is not of the up-and-coming type being sought for since Herbert Greenfield was stripped of the purple.

Mackenzie is well-known throughout the riding, and has taken a firm for politics since he quit the hundredth section of a weekly newspaper. In fact he has become quite an expert on government finances and can take a string of figures and make them perform with all the dexterity of a prestidigitator.

So, if our information is correct, Mr. Buckley may be cast on the scrap heap, while John Mackenzie mounts the throne.

"Piling away ambition—By the sin the angels fell."

In a reply to the above letter, published in this week's Bassano Mail, Mr. Mackenzie says:

"I might say that the 'astounding tidings' that I wish to supplant Mr. John C. Buckley for the riding of Gleichen are new to me. 'The powers that be,' whoever they are, have never, in my hearing, stated that Mr. Buckley did not entirely merit their approval. As one of the electors of Gleichen riding I have found Mr. Buckley served the interests of his constituents faithfully and well, and to the satisfaction of the Government."

I have not been asked to become a candidate for the legislature. Any information that you, as editor of the Mail, may have gathered during your peregrinations of the Gleichen riding, is news to me.

However, if the unexpected should happen, I shall expect that the Mail will advise the Liberal and Conservative candidates to withdraw in Gleichen riding, for the same reasons as you adduced, in favor of Mr. Shaw. In your issue of May 15, in that, like Mr. Shaw, I had the honor of serving my country in a military capacity for some years.

With regard to the allegation of being fides adules for Hon. Geo. Howley, I am somewhat in the position of the man who was called a hippopotamus, and did not know whether it was a compliment or an insult until he visited the zoo. I have not yet consulted a Latin lexicon, however. That may be, I profess no apology for supporting Mr. Howley, who stood as a former candidate in 1925 for the North-West territory, and then, as no farmers party was in existence, until the entrance of the U.P.A. as a political force, joined the forces of those who fought against long regime of Liberal interlude which landed us in the financial mess in 1921, a mess which the U.P.A. Government have eventually been to clear up in 1925.

Anything I have written or said since I transferred my business to Strathmore last February, or by now or say from now until the date of the election, has been with the object of testifying to keep in power a Government whose object has been

solely the interests of the people of Alberta. I have not gained financially from so doing, as I could have been engaged at a higher remuneration in other work than that of assisting in the production of the U.P.A. newspaper."

The balance of the letter satirizes the alleged inability of the Liberals in Alberta to serve the interests of Alberta before those of their party in Ottawa, and advises the people of New Valley to vote for Ben Plummer.

GAME AND FUNS VALUED AT OVER TWO MILLIONS

WINNIPEG, Man.—The value of game and fur products in Manitoba, Saskatchewan and Alberta during the past year, amounting to over \$6,000,000, shows a considerable improvement over the previous year. Of the total production, Manitoba accounted for \$1,825,000, Saskatchewan \$1,811,572, while figures for Alberta showed a decrease in the neighborhood of \$2,500,000.

AN INTERESTING SELECTION

Dr. Senger Wheeler, at Rosthern, Sask., has some one hundred varieties of apples; a thousand trees planted; forty varieties of plums; ten kinds of cherries and three or four varieties of grapes, raspberries, gooseberries and Strawberries. In addition to a few ornamental Siberian pears, for trial, in his experiments, Dr. Wheeler says that he had not resorted to any coddling or nursing. Everything had to stand outside through the winter, without artificial protection.

EXECUTED DOCTORS' INSTRUCTIONS

How It Was—Dr. Patek (attending Mrs. Maloney's husband)—"What's the matter with your husband today? He looks awful," said Dr. Wheeler. "He looks worse than I did yesterday."

Mrs. Maloney—"It's your fault, Yez told me to give him anything that he craved for, didn't you?"

Dr. Patek—"Yes."

Mrs. Maloney—"Well, he craved for a fight, as I believe he got it!"

SEEDING BEE

A total of 380 work horses, 45 cultivators and 20 seed drills were in operation at one time in a seeding bee held near Spring Coulee by the residents of the district, for the purpose of putting in the 30-acre crop of Mrs. H. Joiner, whose husband died recently.

GRAIN CROP CONDITIONS IN ALBERTA GOOD

Wheat seeding in Alberta is reported 75 to 100 percent completed and coarse grains forty-five to sixty-five percent. General conditions are good, with practically no damage by pests and only slight soil drifting. A decided increase will be recorded in alfalfa and sweet clover sown due to effect of forage crop trial which went through the previous season and the publicity given it by the government.

TOM MOORE

President of the Dominion Trades and Labor Congress, speaking before the Ontario Educational Association declared that "Canada must restore the balance of rural and urban population." The farmer, he said, must be made to realize that without education his son may become part of the army of casual city laborers.

Convention to be held June 1st.

We are informed that the nominating convention of the U.P.A. for the riding of Gleichen will be held in Nolan's Hall, Calgary, commencing at 10 a.m. on Tuesday, June 1st.

That the convention is to be held in Calgary is regarded with regret by many who have the interests of the U.P.A. at heart. It does not seem likely to carry on the preliminary steps towards an election in another constituency than that in which the election is being held. Representations have been made against the chance, and it is possible that an alteration in the place of meeting may be made. The secretary of the U.P.A. Political Association for Gleichen constituency is W. D. Trege.

Premier Brownlee will, it is stated, address a meeting of the electors at Strathmore prior to the date of election.

CROP CONDITIONS TEN DAYS AHEAD OF LAST YEAR

ALBERTA—General crop conditions in province very favorable. And about ten days ahead of last year. All wheat sown and most of it up and looking well. Seeding of other grains proceeding satisfactorily, and about fifty percent to seventy percent has been accomplished. Heavy winds did slight damage in few sections. But there will be no further injury from this cause. Due to rainfall during week, and fact that grain is now above ground in most parts. While there is considerable stubble in crop throughout province this acreage in general will show big decrease from last year. Much more care than usual has been taken in working the land and in seeding operations. Provincial Dept. of Agriculture estimates a ten percent increase in acreage under wheat, and about the same percentage increase under coarse grains. Grasshoppers have appeared in Carbon and adjoining districts, and poison bait is being used. Cutworms have appeared in two or three parts, but have not done any appreciable damage. One or two districts in territory from Lethbridge to Medicine Hat could stand more moisture, but generally situation in this respect is satisfactory.

E.D. & B.C. Railway—Conditions generally are good and easily two weeks earlier than usual. Wheat seeding finished, and in some districts grain up three to four inches. Oats and barley nearly all in. Growing conditions have been exceptionally favorable, and farmers optimistic concerning prospects. In the Grande Prairie country wire worms are in evidence and are causing a certain amount of uneasiness. Grasshoppers have shown up in the Peace River and Grande Prairie districts, and are being combated with poison bait.

GRAIN CROP CONDITIONS IN ALBERTA GOOD

Wheat seeding in Alberta is reported 75 to 100 percent completed and coarse grains forty-five to sixty-five percent. General conditions are good, with practically no damage by pests and only slight soil drifting. A decided increase will be recorded in alfalfa and sweet clover sown due to effect of forage crop trial which went through the previous season and the publicity given it by the government.

Progress with the Hydro Line

While in Edmonton last week John Mackenzie interviewed P. N. Johnson, Director of Surveys in the Provincial Department of Public Works. Mr. Johnson stated that the ascertained plans of the line, showing divisions and just arrived that day (Wednesday) and that they would be checked by his department and by the telephone department. He stated, however, that every endeavor would be made to have the check made as soon as possible.

It is worthy of note that Mr. Johnson has an earlier connection with Strathmore than any of the present residents, as he was one of the engineers who did the earlier work in connection with the surveys for the C.E.R. irrigation scheme in 1905. At that time, he said, Strathmore did not exist, but his interest in the town should ensure that there will be no delay in preparing the plans.

The department's interest in the plans is mainly where, in the course of diversions of the road allowances, the line does not follow the road, but cut straight across, and in some cases the wires will cross the road. Now that this road is a main highway, a little time lost now in safeguarding the public interest may be of value later.

MEIGHEN MAY TAKE BIG INSURANCE JOB

OTTAWA—In political circles the rumor has revived in pretty definite form that Hon. Arthur Meighen, the conservative leader, has been offered a very attractive position in private life as the general counsel of one of the big insurance companies. The sum of the Metropolitan Life, which has been building up a head and an aggressive organization in Canada, is mentioned.

Mr. Meighen is recognized as one of the most brilliant and respected of Canada's public men and there is perhaps no man in Canada who could fill such a position as that mentioned with greater success. One of his followers in the house remarked a few days ago to The Financial Post representative that he was one of the several on the Conservative side who remained in public life only because of their intense admiration of Mr. Meighen's personality, sterling character and his devotion to sound principles regardless of party advantages.

ELK INITIATION MONDAY, JUNE 21

The big initiation and institution of Strathmore Lodge of Elks has been set for Monday, June 21, and will be held in Memorial Hall at 8:30 p.m. It was the intention to hold it about a week earlier but as the Elks Carnival in Calgary is pulled off from the 12th to 19th of June, an earlier date could not be arranged. Calgary officers will take a prominent part in the Degree Work, and a big crowd of Calgary Elks will motor down for the big event. Vulcan Elks will also be well represented.

Applications for membership are coming in daily, and it is probable that the Charter Membership will reach the hundred mark.

THE COURT OF REVISION

The Court of Revision will be held next Monday, and Alexander Nye informs the Standard that anyone who has made appeal may withdraw same at any time before the opening of the Court. He says that the assessment of some of the people may be increased by the Court, in fact he is quite confident that in some cases it will be done.

The Capital Cost Of Provincial Government

It's Growth In Twenty-One Years

In our last article we reduced the current cost of Provincial Government to \$20,000 a per capita basis. In the case of capital expenditures it is hardly possible to use per capita figures.

But we will employ one per capita illustration. The net bonded debt of the Province is \$79,463,832.55. Dividing this by our estimated population of 620,000 we arrive at a per capita debt on every person, young and old, in the Province of \$126.14.

This is a somewhat alarming amount, considering that in 1905 the Province commenced with a clean sheet, but after all the Province is in some respects like an individual. Almost every business man has a certain amount of capital indebtedness, but so long as these are balanced by assets of greater value, there is nothing to worry about. In fact, in our boom days in Alberta the more money we were able to borrow the better off we considered ourselves.

In 1905 the first Alberta Government floated started out with the altruistic intention of paying its way as it went along, and not borrowing.

In 1909 \$250,000 was borrowed for the first units of the Alberta telephone system. No further capital borrowing took place till 1912, but from then onwards the debt increased yearly, the increase being as follows:

1912	\$ 4,988,666.66
1913	5,466,666.66
1914	7,389,580.00
1915	3,999,768.00
1916	5,399,768.00
1917	1,415,923.19
1918	70,972.72
1919	2,968,472.72
1920	7,194,164.00
1921	16,704,924.43
1922	8,215,589.83
1923	6,093,317.21
1924	6,138,282.46
1925	2,551,888.80

It will be noted that there are two high peaks in this expenditure, one in 1912 and one in 1921, though 1921 overlaps all previous and future years by a very large margin.

The Credit Side

On the credit side we have public buildings, sites, and roads, the telephone system, the railways, drainage schemes, the University, tax arrears, and various other assets of more or less value. But our greatest asset is the natural resources of the Province, for which last year we received a subsidy from the Dominion Government of \$2,271,016.44. On a 5 per cent basis, this would give a capital value to the resources of over \$750,000.00. But we believe without distinction of party, that the resources are worth more than this, and Alberta is pressing for a return of its resources, and continuation of the subsidy for three years in lieu of these already alienated.

Recent Growth of the Debt

During the past five years the debt has grown by \$22,775,635.48, as follows:	
Public Buildings	\$4,445,775.00
Telephones	2,498,818.58
Advances to Railways	5,675,324.28
Railways Advances and Loans	2,637,902.81
Advances, Lethbridge Northern Colonization	107,976.97
Purchase of Debentures	529,911.19
Working Advances	692,492.00
University of Alberta	3,783,432.12
	\$22,775,635.48

Obligations entered into by the former administration, by legislation and agreement, amount to \$16,462,503.25 of the total, according to the Provincial Treasurer, and the purposes for which the same were applied leave this on the present administration admits responsibility for \$5,204,641.41 of the total.

The University total is merely the transfer of an indirect liability into a direct liability for the purpose of getting the benefit of a lower interest rate.

The increase in capitalization in 1925 \$2,551,888.80 is the smallest since 1915. It consists of expenses for public works, principally new roads, advances to the railways, accounting for one and a quarter million, and refunding of part of the University loan.

Losses to be Faced

Our railroad misadventure was dealt with in a previous article.

Very large losses have been sustained during the last ten years by drought conditions in sections of the Province, settlers being unable to repay the cost of seed stock advanced, while telephone extensions made in these districts are a deadweight on the system. Over \$6,000,000 guaranteed and advanced by the Province for the construction of irrigation works is not returning interest charges.

We have to take our losses for the present on these and other items, and to hope that they will ultimately become interest-bearing assets.

Current Expenditures Down

In 1921 income totalled \$8,486,946.25, and expenditure \$10,605,155.31, leaving a deficit of \$2,118,209.06. In 1925 income totalled \$11,531,025.99, and expenditure \$11,431,025.99, leaving a consequent surplus of \$100,000.00. The increase of over three million shows the five year period, interest charges on the debt of the Province attaining about a million more in 1925 than in 1921, owing to the increase in debt.

Should We Stop Capital Expenditures?

For the current year the estimated capital expenditure is in the neighborhood of \$3,000,000. A telephone line to Peace River is contemplated, which with other telephone construction, details capital expenditure of \$750,000. \$1,500,000 will be spent on main highways, \$500,000 on bridges, and another half million on market roads, etc. Bond interest, charges and construction on existing railways entails a further \$2,000,000, while the Lethbridge Northern Irrigation scheme necessitates an expenditure of \$750,000 during the present year.

These amounts total much more than \$2,000,000, but are offset by capital revenue, bringing the net increase to that figure.

So long as we have railways and irrigation schemes, we are forced to make money on upkeep and development, and the increasing traffic on our highways demands better roads. All the same voted for the items named were passed unanimously, and if the requests made by Opposition members in the last session had been acceded to, the increase in public debt would have equalled the \$1,600,000 increase in 1921 the last year of Liberal administration.

Figures make dry reading, and the foregoing is but a sketchy outline of Alberta's present position as regards capital expenditure. The various figures are taken from the 1925 Public Accounts and from the 1926 Estimates, as presented to the Alberta Assembly last session.

MENS SHOES

A shipment just arrived direct from the manufacturer at Northampton, England, Men's calf-lined Tan Bluchers, fine fitting, flexible soles, solid British material throughout, per pair \$9.50

Men's fine English-made Oxfords, in tan only, exceptionally fine finish, very up-to-date last, at, per pair \$8.75

WHO WANTS A SOFT JOB?
—
Only Question is: What Will He Do
In Spare Time.

Orangeville—Satan might not find much work for man to do who fills the position thus mentioned by the Sun.

Townwater Council is advertising for a man to act as village constable; to fire and look after the waterworks boilers; to act as caretaker of the

town hall, town building controlled by the council, and other town property; to act as sanitary inspector; to be park overseer; to ring the town bell four times per day at hours specified; to read the Hydrant meters at the end of each month, and do other hydro work, which does not require special education. We suppose he will be valued at \$20,000.00 in the library during all his spare time.

GOLF

Results of the Goss Stone competition on May 23rd, are not available at time of going to press owing to non receipt of a number of score cards.

Mr. Van Tighem desires to express his appreciation and thanks to all those who assisted him, both ladies and gentlemen, in entertaining the bankers during their recent visit.

A One Club competition will be held on May 26th, on handicaps, for prizes. It will be posted on Wednesday. Get out your pet club and enjoy a game.

All events scheduled for the 23th were postponed owing to the number of absentees due to holiday week end. It is expected to have these events on June 2nd, King's Birthday.

Members of the club have a splendid opportunity at present to enjoy the pleasure to which their membership entitles them, the course being in very fair condition. The Tees have been watered and tamped, the Greens are in first class condition (and will remain so if matted or swept by the players after holing out). The Fairways have been cut and there are very few mosquitoes.

Those members energetic enough to be up and around the course between 9 a.m. and 10 a.m. on Monday saw the flag flying from the new pole. The flag can be seen from all parts of the course and adds immensely to the general appearance.

A few volunteers workers continue to do the routine work of filling sand boxes, repairing mats, etc.

Please meet the greens after holing out. This meeting helps the greens players and adds considerably to the pleasure of those with more experience. By actual count on the 23th less than a majority of the players used the mat.

CRICKET

The game played at Calgary between Strathmore and the C.I.B. Beavers was very interesting, and resulted 128 to 55 in favor of the Beavers.

BRITISH COLUMBIA'S
FRUIT PROSPECTS
NEVER BRIGHTER

—
VERNON, B.C.—Fruit crop prospects never appeared brighter in the Okanagan Valley at this time of the year, according to M. Middleton, government horticulturist. Yields of apples, pears, plums, cherries, peaches and apricots, provided spring or settling conditions are favorable, will be heavy this year. Small fruits have come through the winter well, and a bumper crop is looked for. The supply of moisture is good owing to the ground not having been frozen. The snow water soaked into the ground with practically no run off anywhere.

—
PRAIRIE PROVINCES
ESTABLISH NEW
DAIRY RECORDS

—
WINNIPEG, Man.—Dairy production in the Prairie Provinces continues to establish new records and this territory, once an extensive importer, is now not only meeting its own needs but in addition shipping large quantities of dairy products to overseas markets. Last year the output in the three provinces, with a production valued at \$7,514,587. Alberta still ranks as the leading dairy province, with a production valued at \$25,000,000. Saskatchewan was second with an output valued at \$20,982,000, followed by Manitoba with \$13,629,797.

BASEBALL

On Monday two games were played, and Strathmore won and lost. The first game with East Calgary was a fine one until Eddie Crellin took part in a balloon ascension and was suspended by South-paw Gray, but it was too late to save the game, which ended 11 to 7 in favor of Calgary.

In the game with Carleton Place was in good form, and got away with the Carleton Cubs in a seven inning game, 6 to 5. Fortner, of Carleton was also very effective.

Jean Kimmett was ready to kill the ump, however, he let him get away without musing him up, but Jean insists that he should be murdered in cold blood.

The boys are looking forward to the game on the King's birthday at Carleton, and manager Fortner is quite hopeful that the Cubs will be the victors.

There was a fairly good attendance at the games, and the fans were well pleased with the sport.

The following players were in the lineup for the two games:
Calgary—Gleason, Morash, Faldor, Vikersson, Gidson, Biles, P. Gerlitz, Bray, J. Gerlitz.

Strathmore—Green, Giron, Miller, W. Gray, A. Gray, T. Morton, C. Biles, A. Morton.

Carleton—Gurtin, Harper, Phillips, Mace, Lawson, Fair, Lee, Phillips, Fortner.

Strathmore—W. Gray, A. Morton, T. Morton, Breck, Kimmett, Watts, Miller, Crellin, Giron.

THE GUN CLUB

At the meeting last week the boys had a fine outing, and some good scores were made. A. Pierson was in fine form and got 22 out of 25, and Broadhead came across with 20. Rexall had an off night, but as he equalled Matt Barbor's score it was all right with him.

The following scores were made:

A. McLean	14
J. Whitehouse	18
Jim Barnett	9
Rexall Red	14
A. Pierson	17
A. McLean	16
A. Pierson	22
M. Broadhead	20
M. Borbor	14
W. Danes	19
Pete McLean	14
Rexall Red	11
Phil Sidam	14
Jim Barnett	7
M. Broadhead	20
Morris West	15

The members of the Club are very enthusiastic, and are sure looking ahead to a good season's sport.

PRAIRIE INLAND FISHERIES ARE DEVELOPING SLENDILY

—
REGINA, Sask.—Inland fisheries in the Canadian West (the three Prairie Provinces and the Yukon) had a commercial value of \$2,230,528 last year. These are the returns to the Bureau of Statistics and represent an increase of \$27,521, over the previous year.

About 44 per cent of the market catch was whitefish. Manitoba leads with \$1,427,071; Saskatchewan marketed \$470,446 of the largest of lakes and rivers; Alberta made \$458,504; and the Yukon \$13,570.

SOVIET RUSSIA MAY PURCHASE DAIRY STOCK

—
VICTORIA, B.C.—Pure bred dairy cattle and sheep may be shipped to Soviet Russia in considerable numbers soon to replace herds there slaughtered during the Russian revolution and subsequent years of chaos. This was indicated in the sale of sheep from the farm of G. H. Hadwen, near Duncan, to a Canadian breeder from Moscow, recently. In a letter to the Department of Agriculture here, Mr. Hadwen says this Russian breeder plans to come back to this province again in the fall to purchase more stock.

PRAIRIE PROVINCES HAVE MATERIALLY INCREASED REVENUE

—
WINNIPEG, Man.—Revenue of the Prairie Provinces last year from all sources, is estimated by the Financial Post at \$1,050,000,000. This is a considerable increase over the preceding year, when receipts totalled \$860,000,000. The returns of last year were derived from the following sources: agriculture, \$725,000,000; industrial, \$150,000,000; tourist, \$400,000,000; mines, fisheries, etc., \$40,000,000. Compared with 1924, there was a substantial increase in each division.

HEAD ON THE STREET

They Graham reports that the Larch Oil Company, which was making fine progress, is a little disorganized owing to an accident to part of the drilling machinery. They may have to abandon the original drilling site, but have in view several very promising locations on the park. There are no shares for sale. The entire cost of operating being supplied by the active members of the syndicate.

Next Monday is the last day of grace that town because are late in not having their fees paid. The next day they may be summoned before the magistrate, and then you can't tell how much you will have to pay. Better dig up that five spot and avoid trouble. This is sure a hard old world. Somebody after us for some kind of taxes all the time, and just at the time when we want to lay fishing tackle or join the Gun Club where Mat Karber and the boys are having all kinds of fun.

Conversation in a Drug Store
Customer: "What's a tablet?"
Waitress: "What kind tablet?"
Customer: "A yellow one."
Waitress: "But what's the matter with you?"

Customer: "I want to write a letter."
Ad. old lady walked into a Judge's office.
"I am the Judge of Reprobates," replied she.

"I am the Judge of Probates," replied, his honor, with a smile.
"Well, that's it, I expect," answered the old lady. "You see," she went on confidentially, "my husband died of cancer and left several little infants, one of them is now a doctor."

Calgary City: "They, where are you looking? But you know this is a one-way street."
Frank Miller (in a new Chevrolet): "Well, I'm sure you was'n't, I, good old plenty."

A Most Generous Offer
"If the smallest hole appears after six months' wear," reads Bill Tierney's advertisement, "we will make another absolutely free."

Dr. Moore: "Miss —, I think you have caught appendicitis."
Patient: "Oh, doctor, ain't you a swell flatterer?"

Kelly: "A royal flush comes only once in 42,675 years."
Frank: "Is that so, well then I am about due, as I have missed one at least 649,700 times."

Bill Tierney says that people down at Annapolis, Ontario, used to be very superstitious when he was a boy. Just for example, the son of one of the residents had been troubled for some time with warts on his hands that would not go to the ordinary treatments. In sheer desperation he finally accepted a suggestion that he should visit a famous character in that district known as Mother Barnes, the Witch of Plum Hollow, and she prescribed the following course of treatment: Walk until the full of the moon, go to a graveyard and find the hollow trunk of an oak tree, in which a quantity of water remains from a previous rain, dip the hands in the water, then walk around the stump of the tree three times, be sure and always walk to the left until your own shadow crosses the hollow in the tree. Then go home, but do not speak a single word to anyone for forty-eight hours. The warts should disappear in another forty-eight hours, but if they do not, another thorough trial should be given. "Bill" is unable to remember whether the treatment was a success or not.

Neils White says an honest man will not strike a match to look at the gas meter. He has finished paying for the new star car.

She, going to the (woman) grounds: "I think that nice clothes give a man a lot of confidence."
Don: "Yes, they certainly do, especially the Hobbesian lines. I go a lot of places with them, that I would not be allowed to go without them."

I wish to thank the doctor for quarantining my family and me for three weeks recently because four of us had the whooping cough. During that time my wife caught up with her sewing, we had three square meals a day, as no one came in and she was not permitted to leave, we enjoyed three weeks of good night's sleep, and best of all, a cough with four children who had arranged to visit us, saw the sign on the door and left town so scared she will never come back again. So for these and other blessings we are very thankful to the quarantine.

POULTRY POOL OFFICE

MOVED TO EDMONTON

On May 1st the head office of the Alberta Cooperative Poultry Producers, Limited, was moved from the longhouse building, Calgary, to the building occupied by the Provincial Eggs and Poultry Marketing Service, Edmonton. D. M. Malt, Manager of the Poultry Marketing Service, is now Secretary of the Pool and will have charge of the head office. All Pool contract orders will ship to the Eggs and Poultry Pool at Edmonton, Calgary or Lethbridge, whichever is nearest to them. The Provincial Marketing Service is sales agent for the Pool and under new arrangements in a position to give the Pool efficient service. Payment for eggs is being made on a basis of two cents under market for first or initial payment, and final settlement will be made at the close of the Pool period, or when eggs in that period are finally sold. The year is divided into four Pool periods for eggs and two Pool periods for heavy receipts of Pool eggs are heavy at present.

CANADA'S MOST

NORTHERLY RANCH AT

FORT FITZGERALD

EDMONTON, ALTA.—A large number of cattle will be sent to this agency to the Fort Fitzgerald district, four miles north of Edmonton. They will be taken by train to McMurray and thence by boat to their destination. Although the Fitzgerald district is far north, on the limits of Alberta's boundary it contains an excellent farming and ranching area, and has been proved suitable for the raising of livestock. This will be Canada's farthest north ranching district.

HEAVY CANADIAN

CARGOS BOOKED

FOR THE ORIENT

VANCOUVER, B.C.—That the recent improvement in Oriental trade is in no way imaginary, is proved by the heavy cargoes carried by the last few liners sailing for Japan and China from the Port of Vancouver. In fact the recent partial recovery in the volume of business being done with China is viewed by local merchants as a sure sign that the country is coming back to normal. This improvement is noted especially in the recent heavy bookings of the Canadian Pacific steamers, are very thankful to the quarantine.

SOLID AND SECURE

The Trusts and Guarantee Company, Limited, of Calgary, offers a service to Western people with interests either in the West or the East.
Nearly thirty years in business and led by men well versed in management of large affairs, it is capable of giving unquestionably good advice to all clients and patrons on matters in trust.
It is organized to handle executorships, administrations, trusts of all kinds, investments, rentals and collections.

THE TRUSTS & GUARANTEE COMPANY, LIMITED

220 Eighth Avenue West, Calgary.

HOLLINGSHEAD COMMERCIAL COLLEGE

The Leading Business School

226, 8th Ave. West, Calgary, Alta.

COMMERCIAL SUBJECTS SUCCESSFULLY TAUGHT.

We cannot fill the calls we have for Male Stenographers.

Principal: A. Hollingshead, P.C.T., F.I.P.S.

"The moon affects the tide and the untied," sneezes Shylo Atkins.

Summer suggestion by Red McKechnie: "Keep that schoolgirl complexion-out of the rain."

Lady (to leader who has asked for the untied): "You'll drink it, I suppose. Instead of giving it to your wife."

Leader: "I can't get a wife, lady. I'm earning me own living."

"Just think, Aunt Lili, Martin Garret got Hamburg and Java on the radio last night."

"Now, my dear child, don't think I'll ever believe they can deliver groceries on that foot contraption."

Every town has its dumbest girl. Any McKinley announces that one who lives in Glenhead takes the case she thinks that railroad ties are worn by engineers and that a codfish ball is a fisherman's dance.

Ethel: "Elmer proposed to me in a motorcar."
Annie: "Indeed?"
Ethel: "Yes, and I accepted him in the hospital."

Sunday School Teacher: "Now, each pupil will quote a little verse or he drops in his pennies."
Junior (after a long desperate thinking): "A fool and his money are soon parted."

King George's new grandson is called Prince, except when he cries in the middle of the night.

Woman's place, according to Tony McKinley, is in a one-piece bathing suit.

He was buying Spring lawn and garden equipment and had asked to see nearly everything in the store.

"Are you sure that is all the hose you have?" he questioned, finally, voicing his extreme disappointment.

"Yes, sir," Mr. Rellinger answered, "except the pair I have on."

Junior Partner (who has noticed the sudden arrival of the boss): Let me see now, where was I?

Romantic Tryst (who has not): "You were talking of our future, darling, our home, the beauty of a room by firelight, and your longing to punch old money face!"

When a kid is young he wants a bunch of firecrackers and a drum. When he grows up he wants an oil well and a bank, muzzes Jack Downie.

"Have you a money wrench here?" "Now, my brother he got a cattle ranch over there; my cousin he got a sheep ranch further down the road but two miles south of here. In the money ranch, we only got a black silver fox ranch down at the C.P.R. railway."

ALBERTA POOL EGGS ELEVATOR
The Alberta wheat pool has leased the Dominion Government Terminal Grain Elevator at Prince Rupert, on the Pacific Coast. The elevator is a modern plant with capacity for 1,250,000 bushels.

EUCCHARISTIC CONGRESS
CHICAGO, June, 1926
The Greatest Event in the History of the Catholic Church in America

C.N.R. To Operate Special Trains from Westland.
Of unusual interest to Roman Catholics is the 21st International Eucharistic Congress Chicago, Ill., June 20th to 24th.
The Church dignitaries are daily appreciative of the effort made by the Canadian National Railway, who have arranged to operate special trains to and from the Congress have also made reservations for several hundred people in good hotels at reasonable expense, and ask the people to make application promptly the necessary sleeping car and hotel accommodations. The Church authorities consulted prior to arranging this service so that the proper degree time from the various centres will be maintained. Those who desire to be regular service the through train is operated during the summer season from Western Canada to Chicago.
Any agent of the Canadian National Railway will be pleased to give you further particulars complete all arrangements.

ROSED

A baby girl was born at the home of Mr. and Mrs. Powers last week.

The many friends of "Bob" Lees are glad to welcome bride, who was Miss Louise Thibault Lacombe. They are at home in Williamson house.

Four car loads of Indians spent the holiday at Newkirk fishing. They include Mr. and Mrs. O. Baum, Mr. and Mrs. R. H. and Mrs. Rayburn, Mr. As, Charlie Gross, Mr. and Mrs. As, and Mr. and Mrs. L. Cox.

Rev. Mr. Halstead was here personally the first week, and preaching services which at the United Church each 8 evenings, beginning June 6.

Miss Georgia Kempf Calgary visitor.

The U.F.A. held their meeting Saturday evening.

About 15 of the ladies met at the country home of Mrs. Gross Thursday. They decided some new furnishings for the home. Hereafter the ladies will be in alphabetical order. Mrs. Emma entered the June 2nd at the M. Mrs. Engstrom.

ROCKYFORD

On Friday, May 21st, Mr. H. H. Sutton, of Rosebud, was found guilty before Mr. H. W. Leonard, J. P., of failure to file his income tax, and was fined \$50 and costs. Mr. J. P. McGuire, of Rockyford, appeared for the Crown.

Users of irrigation water would greatly assist the ditcher if they could let him know their requirements at a time in advance.

Rockyford was, we hear, deserted on Sunday, most of the enthusiasts having gone to Carlton to witness the baseball game.

Dr. Hevson has taken over the drug store. We made this discovery on Saturday by being refused credit for seventy cents. Sherry would have been incapable of doing such a thing. However, cash business is far the best for all concerned, providing the prices are cash, and we wish the doctor every success.

Crops in the district are doing exceedingly well in spite of the little rain fall in spring. There is still plenty of moisture in the subsoil, and the high showers should help the seeded fields to get started. The rainfall for the past week is 2.4 of an inch.

Irrigation is being used for the gardens.

Cutworms don't seem to be doing much damage to field crops. They appear to have concentrated their attack on my garden, where any plant with enough optimism to come up, is at once destroyed. It's changing to be told that the epidemic is about over, it may be purely coincidence but so be my garden.

On Sunday, May 23, Rockyford was beaten by Carbon in the return baseball match, the score being 13 to 8.

The Rockyford team was not up to their usual good form. Hyams pitched for Rockyford, while a left hand pitcher, whose name we did not get, pitched for Carbon.

Many people from Rockyford visited Hurray on May 24 for the stampede.

Sports were held for the children in Rockyford during the afternoon. In the evening there was a most enjoyable dance in the Town Hall.

LOST, BETWEEN CAMMAERT'S Farm and Rockyford, a Ford run tire, suitable reward. A. J. Cameron, Rockyford. 2-61

Here and There

Eighteen fishery overseers from the Maritime Provinces and Quebec recently took a two weeks' course at Halifax in the latest methods of preparing dry and smoked fish at the Dominion Biological Station and at Dalhousie University.

A crowd of citizens and officials gathered at the Canadian Pacific depot at Vancouver recently to welcome the Canadian Pacific special mail train when it pulled in after having completed the journey from Winnipeg in six minutes over the record of thirty-two hours. The journey across Canada from Quebec occupied less than three and a half days.

Regardless of the great strike in the British Isles, Windsor Station in Montreal was filled to overflowing with travellers towards the last few days of the first week in May. They were all taking the boat train to sail on the Canadian Pacific lines Minnesota from Quebec. Two special trains were made up carrying five hundred passengers from all parts of Canada.

Revenue of the Prairie Provinces, Alberta, Saskatchewan, Manitoba, last year from all sources is estimated at \$1,050,000,000 representing a huge increase over the sum of \$850,000,000 for the previous year. The returns were derived as follows: agricultural, \$725,000,000; industrial, \$150,000,000; tourism, \$50,000,000; mines, fisheries, etc., \$40,000,000.

STANDARD

Mrs. L. Christensen and Master Freddie returned from Calgary Monday, where Freddie has been taking a music test.

Mr. and Mrs. J. P. Pringle returned to Lacombe on Monday, after spending the week end renewing acquaintances in this district.

Mr. H. C. Farthing was a visitor to Cochrane this week, where he attended the Cochrane Races.

Mrs. Axel Larsen was a passenger to Calgary on Tuesday's train.

Little Miss Paul Andersen returned from Calgary Wednesday. We are pleased to see Dora back, after spending so many weeks in the hospital.

Mr. and Mrs. O. P. Larsen and Master Harold motored to Calgary on Tuesday.

The home of Mrs. L. Christensen was the scene of much party on Wednesday evening when Mrs. Christensen entertained in honor of Mr. Jens Instrup, it being the occasion of his birthday. Games were indulged in until midnight, when a dainty buffet luncheon was served.

Mr. and Mrs. F. D. Knowlton left on Thursday for a six weeks vacation to Cambridge, N.S., and points on the eastern coast.

Mr. McIntosh arrived on Wednesday from Nainburg, to take charge of the station during Mr. Knowlton's absence.

Mrs. F. Messenger and Miss Louise arrived home on Friday from Calgary, where Mrs. Messenger has been receiving treatment for infection of the ears and throat.

Miss M. A. Feden was a week end visitor to Calgary.

A meeting of the U.F.W.A. was held at the home of Mrs. Deschamps on April 20th. Mrs. Gregory gave an inspiring talk on "Woman as the Homemaker", and Miss Rosella Drydale entertained with a piano solo, after which refreshments were served. The next meeting will be held on May 29th, in the rooms above Mr. J. P. Hansen's store.

EMPLOY 2,500 MEN IN THE FROOD NICKLE MINE

SUBSIDY. Out-shining brought the lobby club here, J. L. Agnew, president of the International Nickel Company, made an important announcement regarding the future development of the nickel industry in the Subsidy district. Outstanding in the programme of this company, which calls for a total expenditure of \$8,000,000, is the development of the Frood Mine, situated 1 1/2 miles from Subsidy. About 2,500 workmen will ultimately be employed on this development and it is planned to have these people housed in Subsidy and not to build a special townsite.

Lieutenant Governor of Ontario, who has just concluded a series of lectures to representatives of municipalities, which brought the number of such guests invited to Government House, exclusive of official guests at state banquets, and similar events, to thirty thousand.

ALBERTA PRODUCED 4,000 TONS OF SUGAR BEETS
LEITHBRIDGE, Alta.—Production of sugar beets in Alberta last year—the first year of operation—amounted to 4,000 tons, having a value of \$224,000. The sugar plant at Raymond reports a good run and an exceptionally good demand for its products. This year it is expected that the acreage planted in sugar beets will show a considerable increase over that of last year.

SPECIAL SHOWING
of the
FORD
SPORT ROADSTER

The Ford Sport Roadster—the newest addition to the Ford line—will be on display in our showrooms all next week. The introduction of this unique sport model marks the greatest innovation of recent years among small, light cars. It is distinguished by grace of line, beauty of finish, and completeness of appointments which mark it at once as the aristocrat of its class, and it embodies features never before offered in a car so moderately priced. You are cordially invited to visit our display and inspect the special model in detail.

FINE RECORD FOR HOLSTEIN

A three year old Holstein cow at the Alberta Government Farm at Oliver, produced 11,632 lbs. of milk, has just completed a record producing 4.01 per cent. butterfat to a total of 15,978 lbs. of milk, averaging credit.

SCOUT NOTES

FIRST STRATHMORE TROOP BOY SCOUTS

The local boys, under Scoutmaster Dunn, took in the big field day in Calgary on May 24th, to celebrate the presence of Sir Alfred Pickford, the Commissioner for Overseas and Migration from Imperial Headquarters, London, England.

Sir Alfred congratulated the officers on the smart appearance of the boys who were all in full scout uniform, and he spent some time talking to them about scouting.

Cubmaster White joined the boys on their arrival in the city, and took in the events at Shoolice Park. An attack on "Fort Calgary" was the principal event of the day, and the Strathmore boys had the honour of being the troop picked for having the most difficult part of the "front" as part of the attackers. Owing to the large numbers of the defence having only a very small front to defend, there was very little chance, however, of many being able to get through. The event was enjoyed by all, in spite of scratched knees, etc., and considerable fun was had when the defence tried to take some of the "scalps" of the attacking party.

Scoutmaster Sam of the Tenth Troop showed the local boys how to make some of the "Sara" camp and for which he is famed, and the "Strathmore" will be trying these out when they go on their next camp.

Strathmore had the honour of having the largest turnout of any outside point and of being the only troop with 100% in uniform. The officers and Scouts wish to express their thanks to Mr. Wm. Springhouse for his kindness in loaning his Ford truck and to Chester Fox for driving same, and thus enabling the boys to have a day of real scouting.

About 600 scouts and wolf cubs were present, and at the final campfire Sir Alfred Pickford taught the crowd some new songs, and had the boys laughing at his good stories.

LANGDON

Mr. and Mrs. L. O. Bennett are receiving congratulations on the birth of a son, May 21st.

Mrs. O. Botsford is suffering from a badly sprained ankle, the result of a fall in the house.

Mr. and Mrs. L. Anderson and Mr. and Mrs. Wm. Anderson motored to Okla. on Saturday, to visit their uncle, Jim Anderson, formerly of Langdon.

Group No. 4, of the W. L. under the convener of Mrs. A. Smart, gave a "500" party Friday evening. It was a very successful affair. Mrs. E. Lowe and Mr. W. Smith were first prize, while Mrs. H. W. Jones and A. Huckle had to be content with the "boobies".

Master Charlie and Miss Betty Hood, of Calgary, visited for several days at the Lynch home.

ARDENODE

ARDENODE U.F.W.A.

The regular meeting of the U.F.W.A. was held at the home of Mrs. Firth Wednesday, May 19, eight members being present.

Letters were read and discussed, and the usual business disposed of. Mrs. Donkin then entertained the ladies in several evening competitions which were fully enjoyed. The lucky winner of these was Mrs. Geo. Dawson. Lunch was served, and the next meeting will be held at the home of Mrs. Geo. Dawson, June 2. Everybody welcome.

VIGOROUS ATTACK ON WEEDS

The vigorous campaign conducted for the past two seasons on weed eradication will be continued this summer. Fourteen supervisors have been named by Hon. Geo. Headley, Minister of Agriculture, and will be put into the field at once. Conferences of these supervisors with officials of the department and weed inspectors of the various municipalities is being held this week at the Olds school of Agriculture.

NAMAKA

A very sad tragedy occurred on the Blackfoot Reserve on Sunday the 23rd, when three of the tribe died and one seriously ill from the effects of drinking wood alcohol.

Two Indians from the Peigan Reserve, Peigan, and his wife visited Spencer Owlchid and his wife. Peigan's wife died on Sunday afternoon, Spencer Owlchid's wife died Sunday evening, the Peigan Indian died about 2 a.m. Monday morning and Spencer Owlchid is seriously ill in the Glendon hospital.

Mr. Bremner on learning of the occurrence immediately phoned for Mr. Gooderham the Indian Agent, who arrived about 4 o'clock accompanied by the coroner, Dr. Parkinson and the Police. The Dr. ordered the bodies shipped to Glendon and Dr. Bowls is attending Spencer Owlchid.

It seems a shame the people should sell the Indians wood alcohol knowing their falling.

Mr. Theodore Thorsen left Saturday on a business trip to Ottawa.

Mr. H. C. Baker spent the holiday at his home.

Mr. and Mrs. Murray of Three Hills were the guests of Mr. and Mrs. McIntosh, the beginning of the week.

ALBERTA PEOPLE

HOPEFUL, CONTENTED AND OPTIMISTIC

CALGARY, Alta.—"I have not seen better or more encouraging conditions for spring farming operations within the past twelve years than right now," remarked Charles Murphy, general manager of Western lines of the Canadian Pacific Railway, in the course of an interview here, "nor do I think that the people have felt more contented, hopeful and optimistic than they did this year," he added. Mr. Murphy said this latter feeling had been brought about owing to the better prices that had prevailed for all farm produce during the past two years, and the general outlook of business.

HEY - DOC!

A Kansas printer got slightly peeved at a letterhead from a doctor who wanted him to print several thousand letters, different sizes, different heads, different colors, and wanted the printing form held standing. So the printer took his typewriter in hand and wrote:
"Am in the market for bids on one operation for appendicitis, one, two, or five-inch—width or without either—also without nurse. If appendicitis is to be sound, want quotations blade putting back same and order. If removed successful is expected to hold incision of about sixty days, as I expect the market for an operation stones at that time and want the extra cost of cutting."

Notices of entertainments, meetings, sales, etc., at which admission is charged, articles sold, or a collection taken, with the exception of actual church services, will be charged for at regular advertising rates.

VERY UNFAIR
BURDEN UPON
FEW CITIZENS

At the last meeting of the Town Council, arrangements were practically completed, subject to ratification by the Department of Municipal Affairs, to relieve the few remaining shareholders of the Cemetery company, who, for years, have been endeavoring to carry on this community work, handicapped by lack of funds, and only made possible by many of them providing private funds.

This is absolutely unfair, and the Mayor and Council have removed a burden from the shoulders of Messrs. Lambert, Vickery, and Black when they acceded to their request.

The providing of a cemetery, and the upkeep and care of the same is a community duty, and the council should have the hearty support of every taxpayer in not only taking it over, but in any reasonable expenditure that they may decide upon in making the last resting spot of departed friends, one not only that the town is not ashamed of, but one of which they may refer to with little pride.

People who have been bereaved are very sensitive in regard to the care of these hallowed spots, and everything in reason should be done to keep them in the best possible condition.

THE WEST

LEADING IN
BUSINESS RECOVERY

The Financial Post says what has been said applies generally to the country as a whole. The West is taking a decided lead in business improvement. Aside from the fact that the excellent start made this year by the grain crops has created no pessimism, there is a very material advance in the incorporation of new companies to carry on business in the Western provinces. Along with this is an enlarged program of construction and building, arising especially out of the need of new and additional plant and equipment. Expansion is most marked in Pacific Coast area, but there is a steady advance in the movement that has been called the industrialization of the West. Small industries, and some larger ones, are growing up in the urban communities to serve the need of the particular area concerned. Building activity is on a more extensive scale in many districts than at any time since before the war. During the first four months of the year the total volume of building was approximately doubled.

Another favorable factor in the West is the rapidity of settlement this year as compared with recent years. This year's quota under the Empire Settlement scheme was filled even before the opening of navigation and there is quite a substantial number of new settlers passing through to the Peace River country, each one of them a new citizen of the Dominion. The outlook for settlement is better this year than it has been since before the war.

ATTEND THE
PLOWING MATCH
NEXT MONTH

The plowing match which will be held in Strathmore next month is creating a very keen interest among the young and old plowmen of the district. In Manitoba and Ontario the plowing matches have been developed from very small beginnings, until at the present time they are looked forward to with fully as much interest as the agricultural exhibitions.

Rules and regulations have been developed and trained judges are in attendance so that the competitions are very keen, and the rivalry among the contestants develops an interest in good plowing, which is very far reaching in its effect. It has upon

agriculture.

The board of directors have been very liberal in their allotment of prizes; there is no entry fee to pay, so all may come without any kind of a handicap.

Preston Jones, who is an enthusiastic plowman, is giving very great assistance and much thought to the many details of the contest, and is being ably backed by secretary Fred J. Dunn and the directors, each of whom are doing their utmost to make Wednesday, June 16, a day to be remembered among the good plowmen. Up on the same day a baseball match will be provided in the early evening, to be followed by a big dance, thus giving everyone a real day's sport as well as developing the better side of those most closely associated with agriculture.

Don't forget the date, June 16, no entry fee, and a real day's outing for everyone, and lots of prizes for the winners.

Come to Strathmore.

EDITORIAL NOTES

A rich American banker adopted a 36 year old daughter, who is penniless, while lots of fellows are working their heads off trying to adopt one under 30 who have rich fathers.

Calgary Board of Trade is urging that a Calgary man should be appointed to the Senate vacancy. The resolution was non-political and no suggestion was made as to who the Calgary man should be.

Two Conservatives, R. S. White, of Montreal, and Billie MacLean, of Toronto, joined the King Government forces in the vote on the Canadian National Railway estimates. In the words of the elevator man, "going up."

The supporters of the Brownlee Government have had much trouble deciding upon the date of holding the election. Just as the Standard told Jack Mackenzie, that if he did not hurry up to Edmonton they would get things all mixed up.

Say, you fellows who have passed 21 years of age and haven't paid your minimum school tax or property tax, step lively or friend T. M. Wears will get your goods and chattels. You cannot evade him. It is just pasture for him to get you. Do it now and avoid the rush.

Miss Susie Bowden, who was a candidate at the Lethbridge Liberal Convention, suggested at least one bright and plausible idea in her favor. She maintained that she could give the whole time to legislative work, as she had "no husband to worry her" and no children to occupy her attention.

The Financial Post suggests that Mr. McLeigh may retire from the leadership of the Conservative party to take the position of counsel for the Metropolitan Life Insurance Company. This is the same company in which R. B. Bennett, M.P., is a director.

R. H. Parkyn, of Calgary, is quite convinced that the big British strike was the greatest thing that Labor ever did, because in nine days it caused a loss of \$200,000,000 to the owners of industry. If the loss was much greater, no doubt he would have considered it a much greater achievement.

Little Bow Constituency promises one lively campaign with the three contestants now at the tape waiting for Premier Brownlee to say "go". O. I. Macpherson is carrying the U.P.A. colors; P. Patterson, the Conservatives; while the old war horse, James McNaughton, who is just 'rarin' to go, the Liberals think they have a winner.

LUTHERANS COLONIZE
FARM NEAR WINNIPEG

WINNIPEG, Man.—The newest colony of Lutheran immigrants in Canada has increased its population by one with the birth of a baby boy ten days after the colony was settled. The colony consists of four Lutheran families of young people from Hungary who selected a site near Foxenfield, Man., purchasing on the "half-price payment" plan a farm from Mrs. Martin Luther, a medical practitioner of Minneapolis, Minn., whose late husband was a direct lineal descendant of the first famous Martin Luther.

According to the terms of purchase, which were negotiated by Rev. P. H. Kohlmeier, of the Lutheran Immigration Board of Canada, and R. C. Duncan, of the Canada Colonization Association, \$24,000 will be paid beginning December 1st, 1927.

The members of the new settlement have lost no time in converting the resources of the district to practical use. They shot enough rabbits to make rabbit pie for a week, according to R. C. Duncan, who was also impressed with their thrift in going out into the marshy grounds to cut enough willow to make brooms for their stables. "They were good brooms, too," he said.

The Lutheran colony possesses twenty fine cows, which Mr. Luther sold with the farm, and full equipment of implements and other stock for carrying on successful mixed farming.

C. P. R. PLACES BIG
INSURANCE RISKS
IN CANADA

The Canadian Pacific Railroad Company has given the placing of its \$120,000,000 fire insurance schedule to Willis, Faber & Co., Ltd., of Canada. This is the most important and largest insurance account in Canada, and which for some years has been placed by Marsh & McLellan, of Chicago. About two years ago the Canadian Pacific also transferred the marine insurance on its large ocean fleet of steamers to Willis, Faber & Co.

The Canadian Pacific schedule comprises considerable other property that is usually considered strictly rural, including some fine hotel structures.

NEW PROCESS
TO MANUFACTURE
COKE AND TAR

BELLEVILLE, Ont.—With an authorized capitalization of \$500,000, the Belleville Gas and Fuel Co., Ltd., has been formed at Belleville, Ont., to manufacture gas, coke and tar by a low temperature carbonizing process, the invention of C. H. Tully, London, England, who will supervise the plant. They intend to erect the carbonizing plant when present financing has been completed, and will also erect a 300,000 cubic feet gas holder and renovate the town's gas generating and distribution systems. The estimated annual production is \$4,500,000 worth of gas, 4,000 tons of coke and 114,245 gallons of tar, which may be subdivided into gasoline fuel oil and ammonia sulphate.

NOTICE

NOTICE TO POOL MEMBERS

To Wheat Pool members of District
C7, it is again time to elect dele-
gates for the annual convention of the
Alberta Wheat Pool. The Carleton
Local of the Wheat Pool held a meet-
ing on Saturday, May 15th, and nom-
inated their candidate. The choice
of the members present was Mr. G. C.
Gardner, of Carleton, and we ask
for the co-operation and vote of the
members to elect him, and also urge
all members to use their ballot.

**ALBERTA'S WHEAT
ACREAGE INCREASED
TEN PER CENT.**

CALGARY, Alta.—Calgary grain
men, at the mid of April, estimated
that the wheat acreage in the province
this year would be ten per cent. greater
than in 1925. Lower prices may ef-
fect corresponding decrease in the
acreage in Alberta.

Slate's Diary

Friday—Pa and Mr. Erwell were
having quite a long wait this eve-
ning about thirteen and oct. a-
pa said, Erwell do you
outis any improvement
in any thing since you
have went and got mar-
ried. And Mr. Erwell
sent an antived in his
mind a couple minits
and then he replied
and said, Well yes I do
when I was single knee
to hang up my pants
and the munny woe
fall out of the pocket
to the floor. But
now it never does that
any more since I got
married. Then they both
laughed. I guess meebly he was just jo-
king meebly.

Saturday—Blisteres pa went to the
city today and when he cum home
he cum up to see howe all
Xitted up and sel he had a Forward
Complex: After she had went home,
and Emmy said to us at the supper
table, Well I spose they think there
swart with there Forward Complex
and I bet they want ask us to take a
ride in it till its weep out.

Sunday—Unkle Hen has ben a win-
ing on a cavewall all winter and has
got it done now. He was talking to
pa about it today and he says he hopes
it will work. Afterwards pa said, Well
if his Cavewall dont work I am afraid
Unkle Hen will Half to.

Monday—Are teacher was sick to-
day and we had a new 1 to teach us.
I fell down in rhythmic beca she
give us a sum in orange and the reg-
lar teacher always uses Apples. Ma
said they shudent or to be any
difference but she doen no much easy
Frute.

Tuesday—Ant Emmy went to Red
Mackeenies and hawt sun Sasayras
Tee. She said it makes fokes and little
boos so they want to work. Well I
cant see any sense in spending good
munny for that. Who wants to want
to work in this kinda weather anyways.

Wednesday—Went down to see a no-
er new baby like ma all ways want
to and she just went on about how
lute it was meebly she is rite but I
woodnt trade are pup for it any
low.

Here and There

Immigration to Canada in 1925
totalled 84,097, of which 35,262 was
contributed by the British Isles, 17-
137 by the United States, and 51-
82 by other countries. In addition
30,949 Canadians who had estab-
lished homes in the United States
and would there for a period longer
than six months returned to live in
their native land.

A new cash-on-delivery parcels
system has been inaugurated at Post
Office all over Great Britain. Par-
cels up to the value of 24s (about
\$195) may now be posted at any
post office to any address in Great
Britain, the value being collected by
the Post Office authorities and re-
mitted to the sender. The system
seems to be meeting with success.

Business conditions on the Pacific
Coast continue on the upward trend
with great activity in construction
work. The lumber industry outlook
is brighter and there have been im-
portant developments in new saw-
mill construction. The fishing in-
dustry is on a better footing, pulp
and paper mills are active and ad-
ditional power programmes are be-
ing worked out.

A. M. Johnson, President of the
Canadian Club of Boston, visited
Montreal for the first time on the
new "Redwing" train now running
between the two cities on Canadian
Pacific lines. In telling of the
charitable and naturalization aid
from Canadians by the Canadian
Club of Boston, Mr. Johnson said
there were some 900,000 Canadians
in the States of Massachusetts. Of
this number 50,000 are in Boston.

Mr. Rene Howard, British Am-
bassador to the United States, arrived
on his arrival in Toronto on a C.P.R.
train that the question of European
peace was the most urgent and im-
mediate problem of the day. It was
necessary for Great Britain to assist
in maintaining peace and the League
of Nations offered a suitable vehicle.
Mr. Howard claimed that if the League
disappeared England would be com-
pelled to join some European con-
federation against any country which
threatened to dominate the con-
tinent.
